Objective:

To obtain an entry-level IT position where I can use my technical skills, education and passion for solving interesting problems.

About me:

Hi, my name Artem.

I just ended Main Academy, IT School. Before Main Academy I lived in USA, FL for two years. Worked there as system administrator in furniture store. Sys Admin wasn't my only job, also worked as translator and I spoke a lot with customers. After that i had a part time job to develop online store. Theme was Jewelry. Web site on (WordPress) Woocommerce. Now i'm looking for Junior Front-End job.
